

Important Rate Information

Beginning May 1st, your cost of gas will decrease from \$0.9683 per therm to \$0.5225 per therm. Last year's off-peak-season price in May 2021 was \$0.2300 per therm. If your bill contains any gas usage prior to May 1st, your cost of gas will reflect pricing from both periods. The cost of gas is a straight pass through cost in which Liberty makes no profit.

Also beginning May 1, 2022, customer bills will reflect a per therm charge associated with the monthly decoupling adjustment in connection with the Department of Public Utilities pricing structure mandate to promote energy efficiency. Residential bills will reflect a rate of \$0.0438 per therm, customer bills in 40 series rate classes will reflect a rate of \$0.0463 per therm, and customer bills in the 50 series rate classes will reflect a rate of \$0.0107 per therm.

For more information regarding these adjustments and all current rates, please visit www.libertyenergyandwater.com.
