DEPARTMENT OF PUBLIC UTILITIES

NOTICE OF FILING, PUBLIC HEARING, AND PROCEDURAL CONFERENCE

D.P.U. 19-GSEP-04

November 12, 2019

Petition of Liberty Utilities (New England Natural Gas Company) Corp. d/b/a Liberty Utilities for Approval of its 2020 Gas System Enhancement Plan, pursuant to G.L. c. 164, § 145, for rates effective May 1, 2020.

On October 31, 2019, Liberty Utilities (New England Natural Gas Company) Corp. d/b/a Liberty Utilities ("Liberty" or "Company") submitted to the Department of Public Utilities ("Department") its 2020 gas system enhancement plan ("GSEP") to replace aging natural gas pipeline infrastructure. Liberty states that its 2020 revenue requirement is \$9,283,584, which exceeds the 3.0 percent revenue cap by \$515,577; the Company is not seeking a waiver of the cap for 2020. Thus, the Company seeks approval to collect \$8,768,007 through the gas system enhancement adjustment factor ("GSEAF") to recover the cost to replace eligible leak-prone infrastructure through the end of calendar year 2020. The Department has docketed this matter as D.P.U. 19-GSEP-04.

According to the Company, its proposed 2020 GSEP is consistent with the requirements of G.L. c. 164, § 145, which allows gas distribution companies to accelerate the replacement of eligible infrastructure in order to improve public safety or infrastructure reliability and to reduce or potentially reduce lost and unaccounted for natural gas. The Company states that approval of the proposed GSEAFs will result in a monthly bill increase of \$5.93 or 3.48 percent for the average residential heating customer using 122 therms per month during winter months, and a monthly bill increase of \$1.44 or 3.98 percent for the average residential heating customer using 29 therms per month during summer months. Pursuant to G.L. c. 164, § 145, on May 1, 2021, the Company will submit to the Department the amount recovered through the GSEAF for reconciliation with actual 2020 calendar year GSEP costs. The Company proposes that the following rates for each customer class take effect on May 1, 2020:

Residential	\$0.1558 per therm
Low-Load Factor Commercial and Industrial ("C&I")	\$0.1001 per therm
High-Load Factor C&I	\$0.0754 per therm
