

March 2022 Gas Supply Charge

Effective March 1, 2022, the Peak Gas Adjustment Factor (GAF) will increase from the current charge of \$0.8237 to \$0.9683 per therm. This increase is the result of higher gas costs. The cost of gas is a straight pass through cost in which Liberty makes no profit. For more information regarding this adjustment and for current rates, please go to www.libertyenergyandwater.com.

Energy Efficiency Options

Sign up for a no-cost home assessment with an Energy Specialist and get a personalized report on how to save energy and improve comfort. Call 1-866-527-7283 to sign up or take an online assessment at MassSave.com. During your assessment, receive no-cost installation of qualifying products such as low-flow showerheads and programmable thermostats. Additional incentives available including:

- 75% to 100% off insulation, plus no-cost air sealing of leaks in drafty areas of your home
- 0% financing
- Up to \$7,300 off high efficiency heating equipment, depending on income qualification
