## Important Notice Regarding Gas Rates

Beginning May 1, 2020, customer bills will reflect a per therm charge associated with the monthly decoupling adjustment in connection with the Department of Public Utilities pricing structure mandate to promote energy efficiency. Residential bills will reflect a rate of \$0.0384 per therm, customer bills in 40 series rate classes will reflect a rate of \$0.0453 per therm, and customer bills in the 50 series rate classes will reflect a rate of \$0.0095 per therm.

Also beginning May 1<sup>st</sup>, your cost of gas will decrease from \$0.5700 per therm to \$0.1523 per therm. Last year's off-peak season price in May 2019 was \$0.1139 per therm. If your bill contains any gas usage prior to May 1<sup>st</sup>, your cost of gas will reflect pricing from both periods. The cost of gas is a straight pass through cost in which Liberty Utilities makes no profit.
